

# Aqua di Mo-Re

## Collina

*Acqua di Mo-Re in the current market for essences, represents an important new element in its fragrances: Filare and Collina.*

*Eau de Parfum that recall the olfactory notes of balsamic vinegar.*

*Traditional product of the provinces of **Modena** and **Reggio Emilia**. A perfume that comes directly from the territory but with the ambition to go beyond its borders. Intense and fresh aromas that transport you to a dimension of sweet and sour pleasantness that brings you back to the tradition of the Emilian territory.*

*These unique characteristics make our fragrances a masterpiece, capable of capture you forever.*

The image shows the packaging for Aqua di Mo-Re Collina perfume. On the left is a dark red rectangular box with gold lettering and a small illustration of a branch with yellow leaves. The box is labeled 'Collina', 'Aqua di Mo-Re', 'Eau de Parfum', and '100 ml e 3.4 fl.oz'. To the right of the box is a clear glass bottle with a red cap, containing a yellow liquid. The bottle has a gold label with the same branding as the box.

<b>Top Notes</b> Mandarin, Peach, Petit Grain, Grapeseed, Cardamom	Citrus Fruity Spiced
<b>Body Notes</b> Black Pepper, Ginger, Tuberose, Ylang	Spicy Floral
<b>Base Notes</b> Synthetic Musks, Patchouli, Vanilla	Musky Amber Vanilla

*Amber color, clear and bright, decidedly floral fragrance of meadow flowers, with a fruity head made sparkling by traces of spicy notes to refer to autumn fruits. The full-bodied base suggests a seasoned barrique. An environment of gentle slopes united by a rich and generous plain. Collina's notes reflect the nature and poetry of these unique environments and landscapes.*
